About Carolina Safety Consultants:

Carolina Safety Consultants (CSC) provides environmental, health and safety training and consulting services to small-to-mid-sized companies throughout the Carolinas. A significant percentage of CSC's client base represents general business and industry, as well as certain types of government entities (e.g., counties and municipalities). In addition, CSC has specialized expertise in the construction, light manufacturing and healthcare sectors. David J. De Vita, president and founder, has a well-rounded career in safety training, consulting and implementation that spans nearly 20 years. His professional credentials include a Bachelor of Science degree in Health & Safety Management from Clemson University (1990). De Vita's personal knowledge and experience provides insight into applicable regulatory standards and interpretations, and assists management in providing a safe workplace — thereby positioning them for a competitive advantage in their respective industries. "We are proud to offer a service that has the potential to make a real difference in the operations of the company or organization that hires us," notes De Vita.

Prior to establishing Carolina Safety Consultants in 2004, David De Vita held strategic roles with two of the Southeast's most reputable insurance companies as well as the Carolinas Associated General Contractors (CAGC). He has worked extensively with many of the region's leading general and specialty contractors in addition to healthcare, manufacturing and health/spa club organizations. De Vita currently serves as an adjunct instructor at Clemson University and develops safety-related curriculum for higher-education institutions and businesses.
